

# Children's Day in the Park

Caring is Sharing

Children attended from the Koolyangarra, Birraleegal, and Collarenebri Pre-Schools.

Each organisation arranged educational activities which included:

- \* Healthy Food
- \* Apple Slinkies
- \* Jumping Castle
- \* Canvas painting
- \* Slides and Motivational Activities
- \* Dental care
- \* Ante and Post Natal Care
- \* "Slip, Slop, Slap" education
- \* Child Protection information

WAMS distributed 140 helium balloons, which was indicative of the children's attendance.

WAMS personnel participated from the various sections: Dental staff, Program members, Healthy for Life personnel, Clinic staff, Goonimoo Children's Mobile, Speech Pathologist Robyn Parker, Director Lawrence Walford.

The feedback received has encouraged the Network to conduct a regular day for our children.
